### Accessibility on [www.drloribolnick.com](http://www.drloribolnick.com)

In addition to making updates to the site's code to address accessibility, [www.drloribolnick.com](http://www.drloribolnick.com) makes the **AccessPro Widget** available to improve compliance with the Web Content Accessibility Guidelines (WCAG 2.2 AA).

### Enabling and Using the Accessibility Menu

The [www.drloribolnick.com](http://www.drloribolnick.com) accessibility menu can be enabled by clicking or selecting the accessibility menu icon (person in a circle) that appears on the bottom left side of the

## **Disclaimer**

In an ongoing effort to continually improve and remediate accessibility issues, [www.drloribolnick.com](http://www.drloribolnick.com) is regularly scanned using various online tools and sites to identify and fix every possible accessibility barrier on our site. Despite efforts to make all pages and content fully accessible, some content may not

have yet been fully adapted to the strictest accessibility standards. This may be a result of not having found or identified the most appropriate technological solution. Please note that there may also be links out to third-party sites or resources that are not necessarily compliant with accessibility standards.
